Please advise if you intend to join the hearing of the motion by email to Alexander Soutter at asoutter@tgf.ca.

 - (e) approving the Receiver’s and its counsel’s fees and disbursements up to and including December 31, 2023.
2. Such other relief as counsel may request and this Honourable Court may deem just.

3. Unless otherwise indicated, capitalized terms not expressly defined herein are defined, and have the meanings set forth, in the Third and Fourth Reports.

THE GROUNDS FOR THIS MOTION ARE:

Background

4. The Harwood Properties are real properties located in Ajax, Ontario, across the street from the City Hall for the Town of Ajax (the “**Town**”). The Harwood Properties consist of a strip mall and parking lot.

The Development Agreement

5. Certain Harwood Properties are subject to a development agreement (the “**Development Agreement**”) between Lemine Real Estate Consulting Inc. (“**Lemine**”) and the Town. Lemine is a developer and an affiliate of the Respondents. The Respondents are single-purpose corporations that own the various parcels that comprise the Harwood Properties.
6. One feature of the Development Agreement was that, if Lemine defaulted under the Development Agreement, the Town would have the right to repurchase some of the Harwood Properties at a certain price as determined by the terms of the Development Agreement (the “**Town Repurchase Price**”).

The Town’s Prior Proceedings

7. Prior to this proceeding, the Town commenced an action and alleged that Lemine defaulted under the Development Agreement. The Town was successful in obtaining a finding that Lemine breached the Development Agreement. That result was upheld by the Ontario Court of Appeal.

8. Following the Court of Appeal's decision, the Town commenced another action (Court File No. 433/20, the "**Town's Repurchase Action**") for a determination of the Town Repurchase Price. The Town's Repurchase Action was on notice to the Respondents' secured creditors, including the Applicant.
9. Among other things, the Applicant plead that,
 - (a) it was not given notice of the Town's prior action and that the orders made in such action were not binding on it; and
 - (b) the Town was not entitled to exercise the Repurchase Right or exercise it at the Town Repurchase Price alleged by the Town.
10. There was a live dispute in the Town's Repurchase Action as to whether 261's rights pursuant to its mortgages over the Respondents' lands were in priority to the Town's Repurchase Right, as the Applicant's mortgage is registered prior in time to the registration of the Development Agreement against the relevant parcels.

The Applicant Commenced this Proceeding

11. By the time the Town's Repurchase Action was commenced, the Debtors had also defaulted in respect of their obligations to the Applicant, a secured creditor. The Applicant commenced this proceeding for an order appointing the Receiver over the Property.
12. Pursuant to an Order of this Court dated April 15, 2021 (the "**Appointment Order**"), RSM was appointed as receiver, without security, over the Property.
13. The Appointment Order was made with the consent of the Applicant and the Town, over the objections of the Respondents and others.

14. On April 26, 2021, the Respondents appealed the Appointment Order. On February 24, 2022, four days before the scheduled hearing of the appeal, the Respondents advised the Court of Appeal that the appeal was settled on a without-costs basis. On February 24, 2022, the Receiver resumed its activities pursuant to the Appointment Order.

The Town's Rights Under the Appointment Order

15. The Appointment Order provides, among other things, that the Receiver may:
 - (a) market and negotiate the terms and conditions of sale of the Property, provided that such terms and conditions are satisfactory to the Town, unless otherwise ordered by the Court; and
 - (b) sell, convey, transfer, lease or assign the Property with the approval of the Court, in consultation with the Town.
16. The Appointment Order also provides that, unless otherwise agreed to by the Town and the applicable purchaser or transferee (a "**Prospective Purchaser**"), none of the Harwood Properties subject to the Development Agreement could be sold, conveyed, transferred, leased or assigned by the Receiver without the Prospective Purchaser agreeing to enter into a development agreement (a "**New Development Agreement**") with the Town, on mutually agreeable terms, which include a "Right of Repurchase" in favour of the Town. Such right was to be "substantively similar to such right provided for in the Development Agreement."
17. There was no provision in the Appointment Order that the New Development Agreement would be on the *same* terms as the Development Agreement, or that the business terms of the New Development Agreement were to be the same or similar.

The Competing Interests of the Town and the Respondents' Creditors

18. The Town's interests include ensuring that it enters into a New Development Agreement with a reputable, capable developer who will re-develop the Harwood Properties. Pursuant to the Appointment Order, the New Development Agreement is to include a "Right of Repurchase" that is "substantively similar to such right provided for in the Development Agreement".
19. The Town Repurchase Price was to be set pursuant to the Development Agreement, an agreement that was entered into over 10 years ago. There was a dispute as to the calculation of the Town Repurchase Right, which was never resolved by the Court. In the Receiver's view, which is not believed to be controversial, the Town Repurchase Price alleged by the Town was an amount significantly below the current market price for the Harwood Properties. Had the Receiver gone to market with a New Development Agreement that contained the same language as the Town's Right of Repurchase, the Town Repurchase Price would have effectively imposed a price ceiling for the Property that is insufficient to repay any material amount of the secured debt registered against such Property.
20. In contrast, the interests of the Respondents' other mortgagees include maximizing the value of the Property, and such interests would have been negatively affected by a price ceiling on the Harwood Properties.

The New Development Agreement

21. The Receiver made extensive efforts to negotiate a draft of a New Development Agreement with the Town. These efforts were significant and time consuming because, among other

reasons, the Receiver was attempting to balance two competing interests – those of the Town and those of the Respondents’ mortgagees.

22. After significant negotiations with the Town and consultations with stakeholders, the Receiver and the Town were able to prepare a form of draft New Development Agreement that was acceptable to the Town, the Receiver, and 261.
23. The draft New Development Agreement provided, among other things, that:
 - (a) the successful purchaser was required to build a development on the Harwood Properties in accordance with the “Development Plans”, being plans substantially in accordance with the existing approved Site Plan Agreement;
 - (b) the successful purchaser under the Sale Procedure would be required to:
 - (i) apply for a permit to allow construction to commence within 60 days from the date that the sale of the lands from the Receiver to such purchaser closes, and
 - (ii) commence construction within 150 days of obtaining such a permit, failing which the Town would have the right to require the purchaser to convey the Property to the Receiver; and
 - (c) the successful purchaser would be required to complete construction of the development within 30 months of the date that such purchaser commences construction, failing which the purchaser would be subject to liquidated damages in the amount of \$1,000 per day.
24. The draft New Development Agreement reflected certain positions taken by the Town:

- (a) the Town was insistent on its “vision” for the Harwood Properties being built. That vision was, generally speaking, that the Harwood Properties would be developed into a mixed-use development comprised of two ten-story residential buildings connected by a three-story podium, with two stories of underground parking lots; and
- (b) the Town was insistent, and repeatedly advised the Receiver, among others, that the development was “shovel ready” and that plans sufficient to make an application for a building permit (“**Building Permit Plans**”) existed from when Lemine was still in control of the Harwood Properties. This representation drove the timelines for steps included in the draft New Development Agreement, which steps would be completely unattainable if the representations made by the Town were not accurate.

25. The Receiver understood that all plans relating to the Harwood Properties were prepared by a number of third parties at the request of either Lemine or Lemine’s principal, Thomas Liu.

The Sale Procedure and Bids

26. In consultation with the commercial real estate broker retained by the Receiver (the “**Broker**”), the Receiver developed a sale procedure (the “**Sale Procedure**”) that was intended to canvass the market for the opportunity to acquire the Property. The Sale Procedure was approved by Order of this Court on June 1, 2023.¹

¹ Capitalized terms under the heading “The Sale Procedure and Bids” have the meaning given to them in the Sale Procedure.

Outcome of the Sale Procedure

27. The Bid Deadline was August 24, 2023. There were only two Bidders.
28. Following the Bid Deadline, the Receiver engaged in discussions with these Bidders to determine if their bids were Qualified Bids and with a view to improving the terms of such Bids, if possible.
29. One Bidder was disqualified for failure to pay a deposit as required by the Sale Procedure, despite being given ample opportunity to do so.
30. During the course of the Receiver's discussions with the other Bidder ("**Bidder #2**"), the Receiver was advised by Bidder #2 that,
 - (a) they had determined that the Building Permit Plans did not exist;
 - (b) approximately 6-7 months, and approximately \$3 million, would be required for Building Permit Plans to be prepared; and
 - (c) that they required a \$3 million abatement to the price set out in their Bid.
31. The proposed abatement to the purchase price was unacceptable to the Receiver. Bidder #2 was not selected as having made a Successful Bid.

Market Feedback Regarding the Draft New Development Agreement

32. The Broker has advised the Receiver that the draft New Development Agreement was not well received by the market. Among other things, the Broker advised that,
 - (a) the draft New Development Agreement was seen as "extremely onerous and "one-sided", with unrealistic timelines" and "severe penalties";

- (b) the impression given was that there was no flexibility to negotiate with the Town, and that its terms did not reflect current market conditions;
- (c) it was advised by representatives of the Town's Planning Department that "the Property is SPA approved, and effectively "shovel ready" and permits can be applied for and obtained in very short order"; and
- (d) in its opinion, the overall market interest in the Harwood Properties, and potentially their overall value, would be "significantly stronger" if there was no draft development agreement in place.

Directions regarding a new Sale Procedure

- 33. The Receiver understands that 261 intends to bring a motion for a determination that its rights vis-à-vis the Harwood Properties that are subject to the Development Agreement are in priority to the rights of the Town arising from the Development Agreement.
- 34. The Receiver is of the view that it would be appropriate to determine such a motion as a determination of the respective rights of 261 and the Town may resolve the conflict that the Receiver reported on in its Second Report dated May 2, 2023.
- 35. The Receiver requires the Court's advice and direction with respect to a sale procedure. Such advice and direction is dependent on a determination of the priority issue between 261 and the Town. The Receiver therefore seeks an order returning the Receiver's motion on a date following the determination of 261's motion, so that the Receiver can seek directions with respect to an appropriate sale procedure.

36. Time is of the essence in this matter as the terms of one of the Receiver's Certificates used to fund these proceedings requires an executed term sheet for the sale of the Property by September 1, 2024, and ultimately matures on November 30, 2024.

Sealing Order

37. Confidential Appendices "1" and "2" to the Fourth Report contain commercially sensitive information, including a summary of the bids submitted in the Sale Procedure. The disclosure of the terms of such Bids would interfere with the important public interest of maximizing recovery in this insolvency proceeding. A sealing order pending the termination of this proceeding is an adequately limited necessity in order to give effect to that important public interest. Reasonable alternative measures would not prevent the risk associated with disclosure of such information.

Approval of Receiver's activities

38. The Receiver has acted reasonably, prudently, and not arbitrarily, in carrying out its activities, and has discharged its duties and responsibilities in accordance with the terms of the Appointment Order. It would be appropriate to approve the Third and Fourth Reports and the Receiver's activities, decisions and conduct set out therein.

Interim SR&D and Fee approval

39. The Receiver is seeking approval of its Interim SR&D as described in the Fourth Report.
40. In accordance with paragraphs 17 and 18 of the Appointment Order, the Receiver is also seeking Court approval of its fees and disbursements, and approval of the fees and disbursements of its counsel, Thornton Grout Finnigan LLP ("TGF"), up to and including December 31, 2023.

41. The Receiver and TGF have maintained detailed records of their time and disbursements as they relate to this proceeding, as more particularly described in the Fourth Report.
42. The professional rates and disbursements of the Receiver and its counsel are comparable to the rates charged by other professional firms in the Toronto market for the provision of similar services, and the Receiver is of the view that the professional fees and disbursements set out in the fee affidavits appended to the Fourth Report are reasonable in the circumstances and have been validly incurred in accordance with the Appointment Order.

Other Grounds

43. The Receiver relies on:
 - (a) the provisions of the *Bankruptcy and Insolvency Act*, RSC 1985, c B-3, as amended;
 - (b) the *Rules of Civil Procedure*, RRO 1990, Reg 194, as amended, including Rules 2.03, 3.02, 37 and 39 thereof;
 - (c) the orders made to date in this proceeding and the equitable and inherent jurisdiction of this Court; and
 - (d) such further and other grounds as counsel may advise and this Honourable Court may permit.

THE FOLLOWING DOCUMENTARY EVIDENCE will be used at the hearing of the motion:

- (a) the Second Report and the Third Report, previously filed;
- (b) the Fourth Report and the fee affidavits appended thereto; and
- (c) such further and other evidence as counsel may advise and this Honourable Court may permit.

III. BACKGROUND

The Harwood Properties

- 5. The Harwood Properties are real properties located in Ajax, Ontario, across the street from the City Hall for the Town of Ajax (the “**Town**”). The Harwood Properties consist of a strip mall and parking lot.
- 6. The Harwood Properties are comprised of:

- (a) the “**Phase 1A Lands**”, being the lands bearing PIN 26459-0108 (LT), municipally known as 184/188 Harwood Avenue South;
 - (b) the “**Phase 1B Lands**”, being those lands bearing PINs 26459-0050(LT), 26459-0046(LT) and 26459-0045(LT), municipally known as 132/134, 144/148 and 150/152 Harwood Avenue South; and
 - (c) the “**Utility Lands**”, being those lands bearing PINs 26459-0037(LT), 26459-0036(LT) and 26459-0035(LT), municipally known as 214/222, 224 and 226 Harwood Avenue South.
7. A PIN map of the parcels comprising the Harwood Properties and surrounding lands is attached as **Appendix “C”** to this report.
8. The Harwood Properties are not identically encumbered. Set out below, listed in order of registration,¹ is a summary of the charges registered on title to the Harwood Properties in favour of the Applicant 2615333 Ontario Inc. (“**261**”, which took assignment of charges in favour of Toronto Capital Corp. and other lenders), the Town of Ajax (the “**Town**”), My Capital Club Inc. (“**MCC**”), Scougall Management (1987) Limited (“**Scougall**”), Lakeshore Luxe Design and Build Group Inc. (“**Lakeshore**”, which took an assignment of the mortgage held by Lawco Limited, which took an assignment of the mortgage held by Ajax Master Holdings Inc.) and Investecs Developments Inc. (“**Investecs**”). Given the issues raised by the Applicant on its motion returnable March 4, 2024, including whether

This chart is current as at October 2023.

261’s \$5 million charge registered on title to the Phase 1A Lands has priority over the right of repurchase asserted by the Town, the Notice of Option to Purchase registered by the Town, which is registered only on title to the Phase 1A Lands, is included in the below chart:

The Development Agreement

9. Certain Harwood Properties, specifically the Phase 1A Lands and the Utility Lands, were subject to a development agreement (the “**Development Agreement**”) between Lemine Real Estate Consulting Inc. (“**Lemine**”) and the Town. Lemine is a developer and an

² The Phase 1A Lands, being PIN26456-0108(LT), are a parking lot and, while in this proceeding they have been referred to previously as having municipal address 184/188 Harwood Avenue South, it appears after further investigation that there is no municipal address associated with this land.

affiliate of the Respondents. The Respondents are single-purpose corporations that own the various parcels that comprise the Harwood Properties.

10. A copy of the Development Agreement and its amendments are attached collectively as **Appendix “D”**.
11. One feature of the Development Agreement was that, if Lemine defaulted under the Development Agreement, the Town would have the right to repurchase the Phase 1A Lands and the Utility Lands, but not the Phase 1B Lands, at a certain price as determined by the terms of the Development Agreement (the “**Town Repurchase Price**”).

The Town’s Prior Proceedings

12. Prior to this proceeding, the Town commenced an action and alleged that Lemine defaulted under the Development Agreement. The Town was successful in obtaining a finding that Lemine breached the Development Agreement.³ That result was upheld by the Ontario Court of Appeal.⁴
13. Following the Court of Appeal’s decision, the Town commenced another action (Court File No. 433/20, the “**Town’s Repurchase Action**”) for a determination of the Town Repurchase Price. The Town’s Repurchase Action was on notice to the Respondents’ secured creditors, including the Applicant.

³ *Central Park Ajax Developments Phase 1 Inc v Ajax (Town)*, [2018 ONSC 5769](#).

⁴ *Central Park Ajax Developments Phase 1 Inc v Ajax (Town)*, [2019 ONCA 793](#).

14. Among other things, the Applicant plead in response to the Town's Repurchase Action that,
 - (a) it was not given notice of the Town's prior action and that the orders made in such action were not binding on it; and
 - (b) the Town was not entitled to exercise the Repurchase Right or exercise it at the Town Repurchase Price alleged by the Town.

15. There was a live dispute in the Town's Repurchase Action as to whether the Applicant's rights pursuant to its first mortgage over the Respondents' lands were in priority to the Town's Repurchase Right, as the Applicant's mortgage is registered prior in time to the registration of the Development Agreement against the relevant parcels (as set out in the table in paragraph 8).

The Applicant Commenced this Proceeding

16. By the time the Town's Repurchase Action was commenced, the Debtors had also defaulted in respect of their obligations to the Applicant, a secured creditor. The Applicant commenced this proceeding for an order appointing the Receiver over the Property.

17. Pursuant to the Appointment Order, RSM was appointed as receiver, without security, over the Property.

18. The Appointment Order was made with the consent of the Applicant and the Town, over the objections of the Respondents and others.

19. The Appointment Order did not determine the priority issue as between the Applicant and the Town, nor was such a determination sought at the hearing of the application to appoint the Receiver.
20. On April 26, 2021, the Respondents appealed the Appointment Order. On February 24, 2022, four days before the scheduled hearing of the appeal, the Respondents advised the Court of Appeal that the appeal was settled on a without costs basis. On February 24, 2022, the Receiver resumed its activities pursuant to the Appointment Order.

The Town's Rights Under the Appointment Order

21. The Appointment Order provides, among other things, that the Receiver may:
 - (a) market and negotiate the terms and conditions of sale of the Property, provided that such terms and conditions are satisfactory to the Town, unless otherwise ordered by the Court; and
 - (b) sell, convey, transfer, lease or assign the Property with the approval of the Court, in consultation with the Town.
22. The Appointment Order also provides that, unless otherwise agreed to by the Town and the applicable purchaser or transferee (a "**Prospective Purchaser**"), none of the Harwood Properties subject to the Development Agreement could be sold, conveyed, transferred, leased or assigned by the Receiver without the Prospective Purchaser agreeing to enter into a development agreement (a "**New Development Agreement**") with the Town, on mutually agreeable terms, which include a "Right of Repurchase" in favour of the Town. Such right was to be "substantively similar to such right provided for in the Development Agreement."

The Competing Interests of the Town and the Respondents' Creditors

23. The Town's interests include ensuring that it enters into a New Development Agreement with a reputable, capable developer who will re-develop the Harwood Properties. Throughout this receivership proceeding, the Town has emphasized that it wants to see its "vision" for the Harwood Properties given effect.
24. Pursuant to the Appointment Order, the New Development Agreement is to include a "Right of Repurchase" that is "substantively similar to such right provided for in the Development Agreement".
25. The Town Repurchase Price was to be set pursuant to the Development Agreement, an agreement that was entered into over 10 years ago. As set out above, the dispute as to the calculation of the Town Repurchase Right was never resolved by the Court. In the Receiver's view, which is not believed to be controversial, the Town Repurchase Price alleged by the Town was an amount significantly below the current fair market value of the Harwood Properties. Had the Receiver gone to market with a New Development Agreement that contained the same language as the Town's Right of Repurchase, the Town Repurchase Price would have effectively imposed a price ceiling for the Property that is insufficient to repay any material amount of the secured debt registered against such Property.
26. In contrast, the interests of the Respondents' other mortgagees (the Town is also a mortgagee) include maximizing the value of the Property. Their interests would have been negatively affected by a price ceiling on the Harwood Properties, especially given the highly leveraged state of the Harwood Properties.

New Development Agreement

27. The Receiver made extensive efforts to negotiate a draft of a New Development Agreement with the Town. These efforts were significant and time consuming because, among other reasons, the Receiver was attempting to balance two competing interests – those of the Town and those of the Respondents’ mortgagees. Those activities were discussed in the Receiver’s Second Report dated May 2, 2023 (the “**Second Report**”) and approved by the Court by Order dated June 1, 2023. A copy of the Second Report (without appendices) will be included in the Receiver’s Motion Record.
28. After significant negotiations with the Town and consultations with stakeholders, the Receiver and the Town were able to prepare a form of draft New Development Agreement that was acceptable to the Town, the Receiver, and 261. The terms of the draft New Development Agreement are discussed further below.

The Sale Procedure & Bids

29. In consultation with the commercial real estate broker retained by the Receiver (the “**Broker**”), the Receiver developed the Sale Procedure that was intended to canvass the market for the opportunity to acquire the Property.⁵

Outcome of the Sale Procedure

30. Immediately following the Sale Procedure Order being made, the Receiver published notice of the Sale Procedure on its website.

⁵ Capitalized terms under the heading “The Sale Procedure & Bids” have the meanings given to them in the Sale Procedure.

31. Following the Sale Procedure Order being issued, the Broker commenced marketing the Property for sale, which included the following activities:
 - (a) arranging for a sale sign to be placed at the Harwood Properties;
 - (b) preparing a: (i) teaser brochure, and (ii) form of confidentiality agreement (“CA”);
 - (c) contacting a list of approximately 3,600 industry contacts including developers, builders, financiers, and others, enclosing details of the Property;
 - (d) listing the Harwood Properties on MLS on July 3, 2023;
 - (e) establishing an online data room, which provided prospective purchasers with access to confidential information relating to the Property and the Sale Process (the “**Data Room**”) upon execution of a CA, including a template form of agreement of purchase and sale and the draft New Development Agreement; and
 - (f) arranged for a large colour advertisement to be published in *The Globe and Mail* on July 11, July 13, August 10 and August 15, 2023.
32. In response to the Broker’s marketing efforts, nineteen (19) potential purchasers executed CAs and were given access to the Data Room.
33. The Bid Deadline was August 24, 2023. There were only two Bidders. A summary of the bids submitted by these two Bidders, attached hereto as **Confidential Appendix “1”**, will be filed with the Court subject to a request for a sealing order.
34. Following the Bid Deadline, the Receiver engaged in discussions with these Bidders to determine if their bids were Qualified Bids and with a view to improving the terms of such Bids, if possible.

35. One Bidder was disqualified for failure to pay a deposit as required by the Sale Procedure, despite being given ample opportunity to do so.
36. During the course of the Receiver's discussions with the other Bidder ("**Bidder #2**"), the Receiver was advised by Bidder #2 that,
 - (a) they had determined that the Building Permit Plans did not exist;
 - (b) approximately 6-7 months, and approximately \$3 million, would be required for Building Permit Plans to be prepared; and
 - (c) that they required a \$3 million abatement to the price set out in their Bid.
37. The proposed abatement to the purchase price was not acceptable to the Receiver or the Applicant. Bidder #2 was not selected as having made a Successful Bid.

Market Feedback Regarding the Draft New Development Agreement

38. The Broker has advised the Receiver that the draft New Development Agreement was not well received by the market. Among other things, the Broker advised that:
 - (a) the draft New Development Agreement was seen as extremely onerous and one-sided, with unrealistic timelines and severe penalties;
 - (b) the impression given was that there was no flexibility to negotiate with the Town, and that its terms did not reflect current market conditions;
 - (c) it had been advised by representatives of the Town's Planning Department that the Property is site plan application approved, and effectively 'shovel ready' and permits can be applied for and obtained in very short order; and

- (d) in its opinion, the overall market interest in the Harwood Properties, and potentially their overall value, would be significantly stronger if there was no draft development agreement in place.

Terms of the draft New Development Agreement

- 39. The draft New Development Agreement provided, among other things, that:
 - (a) the successful purchaser was required to build a development on the Harwood Properties in accordance with the “Development Plans”, being plans substantially in accordance with the existing approved Site Plan Agreement;
 - (b) the successful purchaser under the Sale Procedure would be required to:
 - (i) apply for a permit to allow construction to commence within 60 days from the date that the sale of the lands from the Receiver to such purchaser closes, and
 - (ii) commence construction within 150 days of obtaining such a permit, failing which the Town would have the right to require the purchaser to convey the Property to the Receiver; and
 - (c) the successful purchaser would be required to complete construction of the development within 30 months of the date that such purchaser commences construction, failing which the purchaser would be subject to liquidated damages in the amount of \$1,000 per day.

- 40. The draft New Development Agreement reflected certain positions taken by the Town:

- (a) the Town was insistent on its “vision” for the Harwood Properties being built. That vision was, generally speaking, that the Harwood Properties would be developed into a mixed-use development comprised of two ten-story residential buildings connected by a three-story podium, with two stories of underground parking lots; and
- (b) the Town was insistent, and repeatedly advised the Receiver, among others, that the development was “shovel ready”. For example, during discussions regarding the draft New Development Agreement, on October 20, 2022, in correspondence between counsel, the Town represented that,

any prospective purchaser essentially has a “turn key” construction project without having to engage in any pre-construction development processes

and

With respect to the Town’s “insistence upon archaic plans that were conceived over 7 years ago”, we would comment that these “archaic plans” are what make this project a more saleable commodity. Put simply, these “archaic **plans**” **have been through the complete development process and are at the point where a building permit can be issued.**

(emphasis added)

41. A copy of the Town’s October 20, 2022 letter is attached as **Appendix “E”** to this report.
42. The Town’s representations that the Harwood Properties were through the complete development process and were at the point where a building permit could be issued drove the timelines for steps included in the draft New Development Agreement, which steps would be completely unattainable if the representations made by the Town were inaccurate.

43. The Receiver's understanding, based on the Town's representations, was that the 30-month construction period contemplated by the draft New Development Agreement would not involve any meaningful amount of time devoted to obtaining a building permit. The Receiver relied on the Town's representations.
44. The Receiver now understands that the Town's representations were not accurate. Following the outcome of the Sale Procedure, the Receiver's Information is now that it would likely take between 6-10 months to obtain a building permit because:
- (a) the Building Permit Plans do not exist – there are no plans for the Harwood Properties that are sufficient to make an application for a building permit,⁶
 - (b) it would take 6-7 months for Building Permit Plans to be prepared, and
 - (c) an application for a building permit could thereafter be made, and the typical timing for a building process to be issued is 2-3 months when taking into account the time needed for a developer and a municipality to address any issues arising from the drawings and other material submitted in connection with such an application.

⁶ The Receiver understood that all plans relating to the Harwood Properties were prepared by a number of third parties at the request of either Lemine or Lemine's principal, Thomas Liu. These drawings are therefore not part of the Property.

45. Further, the Receiver's Information is now that it would likely take 50-60 months to complete the project contemplated by the current development plans following closing because:

- (a) current market conditions are such that,
 - (i) developers are extremely reluctant to commence construction without having achieved a certain percentage of pre-sales of units in condominium projects,
 - (ii) the percentage of pre-sales required is approximately 70%,
 - (iii) the time needed to achieve such a level of pre-sales is an additional 6-9 months,
- (b) preliminary construction activities necessary to prepare the site for excavation and construction might take 1-3 months, but the excavation necessary to construct a two-storey underground garage would take 6-12 months, and
- (c) construction of two ten-storey towers connected by a third-floor walkway would take 30-36 months.

46. By email dated October 30, 2023, the Town confirmed certain advice given by Geoff Romanowski, the Director of Planning and Development Services with the Town:

Let me continue by indicating that Mr. Liu did not pursue a Building Permit for 10 storeys as he chose to pursue (unsuccessfully) his 12/3 development. Geoff indicated to me that **the premise upon which the assertion was made that a Building Permit could be issued almost immediately was that these documents existed.** Geoff has just confirmed that no building permits were submitted for the Phase 1A Lands nor were demolition permits issued for the Utility Lands. Those facts were previously known. And it has been expected that these drawings would need to be up-dated now in 2023 (site plan

drawings and subsequent building permit drawings). The Town never contemplated that these drawings could not support a building permit; in fact, the Town was informed by the developer (Lemine) at the time that the building permit drawings were being worked on in the background while the 12/3 development proposal was being pursued. This is also the reasoning for going with the existing approvals and working with the consultancy cast to produce these final site plan drawings and permits submissions.

47. A copy of the Town's email of October 30, 2023, is attached as **Appendix "F"** to this report. The Receiver was never advised that the basis of the Town's representations to the Receiver was advice from Lemine. The Receiver always accepted the Town's representations as being based on the Town's own information. The Receiver relied on the Town's representations because (a) the Town (being the party that building permits are submitted to) is in the best position to determine whether building permit drawings had actually been submitted to it, and (b) the Town's Director of Planning and Development Services has been involved in this proceeding and the discussions with the Receiver throughout.
48. By email dated November 3, 2023, the Receiver responded via counsel and confirmed that the Town's advice that drawings necessary to support an application for a building permit or demolition permit had never been submitted to the Town, was entirely inconsistent with the Town's representations. A copy of the Receiver's email of November 3, 2023 is attached as **Appendix "G"** to this report.
49. The Town responded by letter dated November 13, 2023, attached to this report as **Appendix "H"**, redacted with respect to the bidder's identity. An unredacted copy of the Town's November 13, 2023 letter, attached as **Confidential Appendix "2"** hereto, will be filed with the Court subject to a request for a sealing order.

50. Contrary to the assertions made in the November 13, 2023 letter, Lemine is not a debtor, and as such, Lemine's property, including drawings relating to the Harwood Properties, is not part of the Property. The Town's denial that it made representations regarding the existence of plans necessary to support a building permit is inconsistent with:
- (a) the Town's numerous discussions with the Receiver and its counsel;
 - (b) the Town's discussions with the Broker;
 - (c) the Town's October 20, 2022 letter which confirmed that plans "have been through the complete development process and are at the point where a building permit can be issued"; and
 - (d) the Town's November 13, 2023 admission that it had asserted that a building permit could be issued almost immediately, and that it only "just", in November 2023, confirmed that a building permit application had not been submitted.

Directions regarding a new Sale Procedure

51. The Receiver understands that the Applicant intends to bring a motion for a determination that its rights vis-à-vis the Harwood Properties that are subject to the Development Agreement (the Phase 1A Lands and the Utility Lands) are in priority to the rights of the Town arising from the Development Agreement.
52. The Receiver is of the view that it would be appropriate to determine such a motion as a determination of the respective rights of 261 and the Town may resolve the conflict that the Receiver has reported on, including in detail in its Second Report.
53. Once such a determination is made, it would be appropriate to return the Receiver's motion for directions regarding an appropriate sale procedure.

54. Time is of the essence in this matter as the terms of one of the Receiver's Certificates used to fund these proceedings requires an executed term sheet for the sale of the Property by September 1, 2024, and ultimately matures on November 30, 2024.

Sealing Order

55. Confidential Appendices "1" and "2" to the Fourth Report contain commercially sensitive information, including a summary of the bids submitted in the Sale Procedure. The disclosure of the terms of such Bids would interfere with the important public interest of maximizing recovery in this insolvency proceeding. A sealing order pending the termination of this proceeding is an adequately limited necessity in order to give effect to that important public interest. Reasonable alternative measures would not prevent the risk associated with disclosure of such information.

Receiver's Interim Statement of Receipts and Disbursements

56. The Receiver's Interim Statement of Receipts and Disbursements for the period April 15, 2021 to January 31, 2024 ("**R&D**") is attached as **Appendix "I"** to this report. During this period, total receipts were \$1,424,105, and disbursements were \$1,215,660, resulting in an excess of receipts over disbursements of \$208,445.

Professional Fees

57. The Receiver's accounts total \$387,478.08 in fees and disbursements, plus HST in the amount of \$50,372.21, for a total of \$437,850.29 for the period October 20, 2020 to December 31, 2023 (the "**Receiver's Accounts**"). Redacted copies of the Receiver's Accounts, together with a summary thereof, the total billable hours charged per the accounts, and the average hourly rates charged per the accounts, supported by the Affidavit

of Bryan A. Tannenbaum sworn February 3, 2024, are attached as **Appendix “J”** to this report.

58. The accounts of the Receiver’s counsel, Thornton Grout Finnigan LLP, total \$432,408.07 in fees and disbursements, plus HST in the amount of \$56,170.41, for a total of \$488,578.48 for the period from April 16, 2021 to December 31, 2023 (the “**TGF Accounts**”). Redacted copies of the TGF Accounts, together with a summary of the personnel, hours and hourly rates described in the TGF Accounts, supported by the Affidavit of Rebecca L. Kennedy sworn February 5, 2024, are attached as **Appendix “K”** to this report.

IV. CONCLUSIONS

59. The Receiver respectfully requests that this Court make an Order:
- (a) sealing Confidential Appendices “1” and “2” to the Fourth Report;
 - (b) approving the Receiver’s fees and disbursements, and those of its counsel;
 - (c) approving the R&D; and
 - (d) approving the Receiver’s activities as described in the Third Report and the Fourth Report.

All of which is respectfully submitted to this Court as of this 5th day of February, 2024.

Each prospective purchaser or bidder to whom such personal information is disclosed shall maintain and protect the privacy of such information and limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtors, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

LIMITATION ON THE RECEIVER'S LIABILITY

16. THIS COURT ORDERS that the Receiver shall incur no liability or obligation as a result of its appointment or the carrying out the provisions of this Order, save and except for any gross negligence or wilful misconduct on its part, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*. In order to be considered a Qualified Bid, as determined by the Receiver, a Bid must satisfy each of the following conditions:

- a) *Written Submission of Agreement of Purchase and Sale.* The Bidder must submit a clean and redline version of the Agreement of Purchase and Sale that must constitute a written and binding commitment to close on a transaction for the purchase some or all of the Harwood Properties, or such subset of the Harwood Properties as permitted by the Agreement of Purchase and Sale, on the terms and conditions set forth therein;

7. Designation as Qualified Bidder

Following the Bid Deadline, the Receiver shall determine which Bidders are Qualified Bidders. The Receiver shall notify each Bidder of its determination as to whether the Bidder is a Qualified Bidder as soon as practicable after the Bid Deadline.

If no Qualified Bid is received by the Bid Deadline, then the Sale Procedure shall be terminated.

8. Determination of Successful Bid

If one or more Qualified Bids is received by the Bid Deadline, the Receiver may: (i) conduct an auction amongst the Qualified Bidders, on terms to be determined by the Receiver and communicated to the Qualified Bidders; and/or (ii) negotiate with the Qualified Bidders to determine the Successful Bid and the Back-up Bid, if any.

As noted above, an *en bloc* sale of the Harwood Properties is preferred. If, however, a Qualified Bid is received for the Development Lands and Utility Lands, and another Qualified Bid is received for the Commercial Lands, and the Receiver determines such Qualified Bids should be treated together as the Successful Bid or the Back-up Bid, the Receiver may then select both such Qualified Bids to be, jointly, the Successful Bid or Back-up Bid, as applicable.

As part of any negotiation with one or more Qualified Bidders, the Receiver may select one or more Qualified Bidders to negotiate with the Town of Ajax for the purpose of arriving at a form of Development Agreement that is acceptable to the Town of Ajax, the Qualified Bidder and the Receiver, and which the Town of Ajax and the Qualified Bidder confirm in writing to the Receiver that they would enter into if the Qualified Bidder were selected as the Successful Bidder.

For greater certainty, a Qualified Bidder will not be selected as the Successful Bidder or Back-up Bidder, if any, if the Receiver has not received that above confirmation from such Qualified Bidder and the Town of Ajax.

Upon determination of the Successful Bid and the Back-up Bid, if any, the Receiver shall, as soon as reasonably practicable, seek Court approval of, and authority to consummate, the Successful Bid and the transactions provided for therein. The Receiver shall post notice of its application to Court for approval of the Successful Bid on its website established pursuant to the Appointment Order.

9. Acceptance of Successful Bid

Subject to the terms of the Agreement of Purchase and Sale, the Receiver will be deemed to have accepted a Successful Bid only when the Successful Bid has been approved by the Court. The Receiver will be deemed to have accepted a Back-up Bid only when it has been approved by the Court and has been deemed to be a Successful Bid.

10. “As Is, Where Is”

The sale of the Harwood Properties, or any of them, pursuant to this Sale Procedure shall be on an "as is, where is" basis and without representations or warranties of any kind, nature, or description by the Receiver, the Listing Agent or their respective officers, directors, employees, representatives or agents, except to the extent set forth in the Successful Bid. Each Bidder shall be deemed to acknowledge and represent that it has had an opportunity to conduct any and all due diligence regarding the Harwood Properties prior to making its Bid, that it has relied solely on its own independent review, investigation, and/or inspection of any documents and/or the Harwood Properties in making its Bid, and that it did not, does not, and will not rely on any written or oral statements, representations, promises, warranties, conditions or guarantees whatsoever, whether express or implied or arising by operation of law or otherwise, regarding the Harwood Properties, made by the Receiver or Listing Agent or their respective officers, directors, employees, representatives or agents, or the accuracy or completeness of any such information, except as expressly stated in this Sale Procedure or, as to the Successful Bidder, the applicable Agreement of Purchase and Sale.

11. Free Of Any and All Encumbrances

Except as otherwise provided in the Successful Bid, those Harwood Properties that the Successful Bidder proposes to purchase pursuant to the Successful Bid shall be sold free and clear of all Encumbrances, except as set out in the Agreement of Purchase and Sale, in accordance with a vesting order of the Court, with all Encumbrances on or against the Harwood Properties that are sold, except for such Encumbrances set out in the Agreement of Purchase and Sale, to attach to the net

proceeds of the sale of such Harwood Properties after completion of such sale under a Successful Bid.

12. Back-up Bid

If the Successful Bid is approved by the Court and the Successful Bidder fails to consummate the transaction in accordance with the terms and conditions of the Successful Bid, the Receiver shall be entitled, but not required, to deem the Back-up Bid the Successful Bid. The Receiver may seek the Court's approval to consummate the transaction with the Back-up Bidder at the Sale Hearing on a conditional basis, or may seek such approval in the event that it deems the Back-up Bid to be the Successful Bid under this section.

13. Return of Good Faith Deposit

Good Faith Deposits of all Qualified Bidders shall be held in a non-interest bearing account of the Receiver's counsel. Good Faith Deposits of all Qualified Bidders, other than the Successful Bidder and the Back-up Bidder, shall be returned, without interest, to such Qualified Bidders within three (3) business days after the selection of the Successful Bidder and the Back-up Bidder, if any. Good Faith Deposits of the Successful Bidder shall be applied to the purchase price of such transaction at closing. The Good Faith Deposit of the Back-up Bidder, if any, shall be returned, without interest, to the Back-up Bidder within three (3) business days after the closing of the transaction(s) contemplated by the Successful Bid. If a Successful Bidder (including any Back-up Bidder deemed to be a Successful Bidder hereunder) fails to consummate an approved sale because of a breach or failure to perform on the part of such Successful Bidder, the Receiver shall be entitled to retain the Good Faith Deposit of the Successful Bidder as part of its damages resulting from the breach or failure to perform by the Successful Bidder. If the Successful Bidder fails to consummate an approved sale for any reason, and a transaction is completed with the Back-up Bidder, the Good Faith Deposit of the Back-up Bidder shall be applied to the purchase price of the transaction(s) contemplated by the Agreement of Purchase and Sale of the Back-up Bidder at closing.

14. Modifications and Reservations

This Sale Procedure may be modified or amended by the Receiver, provided that if such modification or amendment materially deviates from this Sale Procedure, such modification or amendment may only be made by order of the Court.

17. A Conveyance Event means the following:
 - a. The attempted assignment of this Agreement without the prior written consent of the Town of Ajax and the Receiver;
 - b. The Developer filing an appeal to the Ontario Land Tribunal in furtherance of seeking approval for an Official Plan Amendment, a Zoning By-law Amendment or a Site Plan Amendment in relation to any of the Development Lands;
 - c. The Developer refusing or neglecting to withdraw its application for a minor variance or minor variances as required under Section 16 of this Agreement;
 - d. The Developer failing, for any reason, to commence construction of the mixed-use development, in accordance with the Development Plans, as may be amended pursuant to the terms of this Agreement, upon the Development Lands by the date set out in Section 3, above;
 - e. The Developer attempting to sell or selling, without the prior written consent of the Town of Ajax and the Receiver, any or all of the Schedule “A” Lands.
18. In the event that a Conveyance Event arises, the Town shall have the right to require that the Developer convey title to all, but not less than all of the Schedule “A” Lands, to the Receiver, free and clear of all encumbrances in accordance with the terms of this Agreement (a “Conveyance”).
19. Until the Construction Commencement Date, the Receiver will hold the price paid by the Developer for the Schedule “A” Lands, less an amount equal to the Sales and Marketing Costs, in escrow, such amounts being the “Escrow Funds”.
20. Notwithstanding anything to the contrary in this Agreement, after the Construction Commencement Date the Town shall have no right to require a Conveyance and the Receiver shall be under no obligation to hold the Escrow Funds in escrow.
21. In the event that a Conveyance Event arises, and the Town chooses to require a Conveyance, then the Town shall, within fifteen (15) days of the Town becoming aware of the fact that a Conveyance Event occurred, provide written notice to the Developer and the Receiver, of the Town’s intention to require a Conveyance pursuant to this Agreement.
22. Upon receiving notice in writing from the Town that the Town intends to require a Conveyance, the Developer shall transfer the title of Schedule “A” Lands, free and clear of

all encumbrances, to the Receiver, on or before fifteen (15) days from receipt of the written notice from the Town.

23. Upon a Conveyance, the Receiver shall pay to the Developer the Escrow Funds as consideration for the Conveyance.

RECEIVER'S RIGHT TO NOT CONVEY THE SCHEDULE "A" LANDS

24. Should a Conveyance Event arise, and the Town choose not to exercise its right to require a Conveyance of the Schedule "A" Lands, the Town may, at its sole discretion, permit the Developer to continue to deal with the Schedule "A" Lands in such manner as agreed to by the Town, in writing.
25. Any decision by the Town to allow the Developer to continue to deal with the Schedule "A" Lands for any period of time after a Conveyance Event has occurred does not in any way limit the right of the Town to exercise its right to require a Conveyance pursuant to the terms of this Agreement, unless such right has expired pursuant to the terms of this Agreement or the Town has expressly, in writing, waived or otherwise limited its right to require a Conveyance by making specific reference to this section of this Agreement and by confirming its intention to waive or otherwise limit its right.
26. Any delay or failure of the Town to exercise its right to require a Conveyance after a Conveyance Event has occurred does not in any way limit the right of the Town to exercise its right to require a Conveyance at any time after another Conveyance Event has been discovered by the Town to have occurred.
27. The Developer expressly waives any and all claims that the Developer may have, or could have, against the Town or Receiver that in any way relate to an allegation that the Town or Receiver has been unjustly enriched, or that are based upon quantum meruit and/or betterment, as a result of the Receiver exercising its right to require a Conveyance pursuant to the terms of this Agreement.

LETTER OF CREDIT

28. Concurrent with the execution of this Agreement, the Developer shall post a letter of credit, in a form satisfactory to the Town and in an amount of \$250,000.00, for the purpose allowing the Town to draw upon the letter of credit pursuant to Section 10, above.

REPRESENTATIONS AND WARRANTIES

29. The Town represents and warrants to the Developer that:
 - a. as of the date of this Agreement, the Durham Region in-force Official Plan, the Town's in-force Official Plan and the in-force Zoning By-law applicable to the Development Lands permits the mixed-use development to be constructed upon the Development Lands;

- b. the Town will not initiate or grant any amendment to the in-force Official Plan or any amendment to the in-force Zoning By-law applicable to the Development Lands or pass an interim control by-law which would have the effect of prohibiting or delaying the construction of the mixed-use development.
30. The Developer represents and warrants to the Town that as of the date of this Agreement:
- a. the Developer has the authority to enter into this Agreement and the ability to complete the obligations contemplated herein.

ARBITRATION TO RESOLVE DISPUTES

31. If the parties cannot, after good faith, discussions, agree upon the resolution of any dispute arising from the interpretation of a provision of this agreement, except as noted in Section 33, below, then the parties agree that such dispute will be resolved by binding arbitration pursuant to the *Arbitrations Act* 1991, S.O. 1991, c. 17, as may be amended from time to time, on the following basis:
- a. The arbitration shall commence within 20 business days of delivery of an arbitration notice, which either party may deliver once one or both parties believe that a dispute is unlikely to be resolved in the absence of arbitration.
 - b. Upon receipt of the arbitration notice, the parties have seven (7) business days to agree upon a single arbitrator. In the event that the parties cannot agree upon a single arbitrator, each party shall, within three (3) business days thereafter, name an arbitrator. The two arbitrators chosen shall then, within five (5) days of being named, select a third arbitrator who shall serve as the sole arbitrator.
 - c. The selected arbitrator shall establish all procedural requirements of the arbitration pursuant to the *Arbitrations Act*, as well as the determination of costs that may be payable by one party to the other.
 - d. In selecting an arbitrator, the parties acknowledge and agree that the arbitration shall commence no later than twenty (20) business days after the delivery of the arbitration notice and any arbitrator nominated shall be available within such dates.
32. The parties acknowledge and agree that the right of the Town to require a Conveyance is not a matter that can be subject to the arbitration process set out above, and the parties further agree that the arbitrator has no jurisdiction to determine if the Town has the right, or had the right, to require a Conveyance pursuant to the terms of this Agreement. The Developer agrees that its obligation to effect a Conveyance in accordance with the terms of this Agreement is enforceable by specific performance and that an award of damages for breach of such obligation is not sufficient.
33. The parties acknowledge and agree that the decision of the arbitrator shall be final.

34. The parties acknowledge and agree that the expenses of any arbitration shall be borne by the parties in accordance with the decision of the arbitrator.

3. (1) As a condition to the approval of the said Plans, the Owner agrees to install and maintain to the Town's satisfaction and at the sole risk and expense of the Owner any or all of the facilities or works including the grading, landscaping, fencing, the removal of snow from access ramps and driveways, parking and loading areas and walkways as shown on the Plans (the "Works").
- (i) for the purpose of guaranteeing the installation and maintenance, by the Owner, of the Works required to be installed and maintained pursuant to a condition of approval imposed under Section 2 above, restoration of public lands under subsection (5) below, construction of the Services defined in Section 19 of this Agreement and payment of any amounts payable by the Owner pursuant to this Agreement the Owner shall deliver to the Town prior to the execution of this Agreement, security (the "Performance Guarantee") in the form of an irrevocable Letter of Credit issued by a chartered bank in Canada approved by the Treasurer of the Town, acting reasonably, in an amount as determined by the Town. The Performance Guarantee may be drawn upon by the Town in such amounts and at such times as the Town, in its sole discretion, deems advisable should the Owner fail to install or maintain the Works, fail to install or maintain the Services, fail to restore public lands or fails to pay any amount required to be paid by the Owner pursuant to this Agreement or fail to comply with any obligation of the Owner pursuant to this Agreement provided the Town has provided the Owner with a notice of default and established a time frame in which to rectify the default and the Owner fails to comply with such time frames.;
- (ii) the amount of the Performance Guarantee shall be based on the cost of installation of the Works and Services and may be reduced by the Town at the sole discretion of the Town upon the completion of the Works and Services but in no event shall the Performance Guarantee be reduced below the amount equal to the total of 100% of the cost to complete or rectify any default plus the maintenance required of any Works or Services.
- (iii) if, in the opinion of the Town the amount of the Performance Guarantee is insufficient, then the Town shall recalculate the amount of the Performance Guarantee and shall advise the Owner of such recalculation and provide the Owner with a copy of such recalculation and the Owner

shall deliver any additional security required by the Town within seven (7) business days of its receipt of such notice.

- (iv) Schedule "C" is a guide to the amount of the Performance Guarantee required but in determining the sufficiency of the Performance Guarantee regard shall be given to the total cost of satisfying all of the obligations of the Owner pursuant to any provisions of this Agreement.
 - (v) where any Works or Services are not installed or where the Owner is in default of any of its obligations in this Agreement, the Town may enter and install such Works or Services or perform such obligations at the Owner's expense and apply the Performance Guarantee to reimburse the Town and where the Performance Guarantee is insufficient the expense shall be a charge on the Lands. It is hereby acknowledged and agreed that the Performance Guarantee is held by the Town for its sole benefit and not for the benefit of, by way of trust or otherwise, any person constructing or supplying any of the Works or Services, directly or indirectly, on behalf of the Owner.
- (2) Prior to the execution of this Agreement by the Town, the Owner shall, if required by the Town, deposit with the Town the sum of **TWENTY THOUSAND DOLLARS (\$20,000.00)** (the "Mud and Right of Way Deposit") to guarantee that
- (i) the streets shall be kept free from deposits and debris. In the event debris or deposits remain on the streets for more than four (4) consecutive hours after receiving notice from the Town, the Town shall be entitled to clean the streets and deduct the cost of same from the Mud and Right of Way Deposit; and
 - (ii) the Owner further covenants and agrees with the Town to repair any damage to other lands and/or streets caused by the work or construction carried on by the Owner on the Lands, by restoring the lands and streets to the condition existing prior to the damage sustained. Such restoration is to be undertaken by the Owner at its own expense upon notification by the Town to the Owner. If the Owner does not undertake the restoration in a reasonable time frame the Town shall be entitled to restore the lands and streets and deduct the cost from the Mud and Right of Way Deposit.

The Owner shall immediately reimburse for all costs incurred so that the Mud and Right of Way Deposit is reinstated to the sum of **TEN-THOUSAND DOLLARS (\$10,000.00)**. The Mud and Right of Way Deposit shall be returned to the Owner once the development of the Lands is completed to the satisfaction of the Town. The Mud and Right of Way Deposit may be included in the Performance Guarantee.

- (3) Prior to the execution of this Agreement by the Town, the Owner shall, if required by the Town, deposit with the Town the sum of **FIVE-THOUSAND DOLLARS (\$5,000.00)** to guarantee that streets shall be kept free from litter and garbage emanating from the Lands during construction (the "Litter Deposit"). In the event that the Owner should fail to comply with the provisions of this paragraph, then the Town may at any time after such default prepare its own schedule of construction and upon sending a copy of such schedule to the Owner, it shall become binding and effective on the Owner in the same manner and to the same extent as if such schedule of construction had been prepared by the Owner and approved by the Town. The Schedule of Construction may be revised with the approval of the Town upon not less than thirty (30) days notice to the Town prior to the date on the Schedule of Construction to be revised.
- (2) The Owner shall construct the Services in accordance with the Schedule of Construction. Failure to fully complete all Services in accordance with the Schedule of

Construction shall be deemed to be a default of the Owner pursuant to the terms of this Agreement, and the Town shall be entitled to avail itself of all remedies contained herein with respect to such default. Upon such default and in addition to any other remedy the Town may have, the Town may require that the Owner cease and desist from doing any further work on the Lands, and the Owner hereby agrees to stop work if it receives notice to do so. The aforesaid agreement to stop work refers to any and all construction of any nature or kind whatsoever in connection with the Lands, including the construction of houses or other buildings or structures on the Lands. If the Owner is unable to fulfill the Schedule of Construction by labour disputes, fire or by a cause of any kind beyond its control then the Schedule of Construction shall be amended with the approval of the Town.

- (6) The construction of Services shall be deemed completed only upon the issuance of a Certificate of Preliminary Acceptance by the Town.
- (7) If the Owner covers or permits to be covered work that has been designated for special tests, inspections or approvals by the Town before such special tests, inspections or approvals have been made, given or completed, the Owner shall, if so directed by the Town, uncover such work, have the inspection or test satisfactorily completed and make good such work at the Owner's expense. The Town may order any part or parts of the Services to be specially examined should it believe that such work is not in accordance with the requirements of this Agreement. If, upon examination, such work is in the opinion of the Town found not in accordance with the requirements of this Agreement, the Owner shall correct such work and regardless of any finding as aforesaid the Owner shall pay all expenses in connection with the provisions of this clause.

48. Incomplete or Faulty Work

- (1) If in the opinion of the Town the Owner fails to install the Services, or, having commenced to install the Services, fails or neglects to proceed to complete the Services in accordance with the Schedule of Construction, or, in the event that the Services are not being installed according to the requirements of this Agreement, or if the Owner abandons the work, in addition to any other remedy the Town may have and upon the Town giving seven days' written notice to the Owner or its Professional Engineer, the Town may, without further notice, enter upon the Lands if necessary and proceed to supply all materials and to do all necessary works in connection with the installation of the Services including the repair or reconstruction of faulty work and the replacement of materials not in accordance with the specifications, and to charge the cost thereof, together with an engineering fee of 15% of the cost of such materials and works, to the Owner who shall forthwith pay the same upon demand by the Town, such entry by the Town shall be as agent for the Owner and shall not be deemed, for any purposes whatsoever, as an acceptance or assumption of the Services by the Town. The Town, in addition to all other remedies it may have, may apply for an order from a Court of competent jurisdiction ordering the Owner to cease construction of any building on the Lands until such Services are completely installed in accordance with the requirements of the Town.
- (2) When, after the Owner has commenced construction of the Services, but before the Services have been finally accepted by the Town, any of the Services provided by the Owner do not function properly and, in the opinion of the Town, repairs are necessary to be made to prevent damage or hardship to any persons or any property, the Town shall notify the Owner or the Professional Engineer of the repairs which are required to be made. In the event the condition as aforesaid is an emergency, or immediate repair is required, then the Town without prior notice may take such action and do all such acts and things as are considered necessary and advisable in the place of the Owner, and the Owner shall reimburse the Town for any and all expenses incurred, whether directly or indirectly by the Town, in connection with such action.
- (3) The Owner further covenants and agrees with the Town that it will repair any damage that may be caused to any of the Services, including grading and landscaping, by any person, resulting from the construction of any buildings on the Lands or resulting from the construction of any of the Services or other matters which the Owner is obligated to perform under this Agreement. provide for all closing documents and closing funds to be held in escrow pending the submission of the transfer/deed and the VTB to the Land Registry Office and its acceptance by virtue of being assigned a registration number. The DRA shall also provide that if there is a problem with the Teraview electronic registration system which does not allow the parties to electronically register all registration documents on Closing, the Closing Date shall be deemed to be extended until the next day when the said system is accessible and operating for the applicable Land Registry Office applicable to the Property.

SECTION 13 PHASE 1B LANDS

13.1 Best Efforts to Acquire Private Phase 1B Lands.

- (a) During the period starting on the date that is six (6) months after the Execution Date and ending on the third anniversary of the Execution Date or the date this Agreement is terminated, whichever is first to occur, the Developer will use its reasonable commercial efforts to acquire the Private Phase 1B Lands privately, and shall report to the Town periodically on the status and results of its efforts. For greater clarity, there is no absolute obligation on the Developer to acquire any of the Phase 1B Lands.

Reasonable commercial efforts means that: (1) as parcels in the Private Phase 1B Lands become available for sale, the Developer will make offers to acquire those parcels conditional on the acquisition of all of the Private Phase 1B Lands and subject to the purchase price of those parcels being acceptable to the Developer, acting reasonably; and (2) the Developer will obtain an appraisal of the market value for each parcel in the Private Phase 1B Lands that it has been unable to acquire and will provide evidence to the Town, including a copy of the appraisal, that it has made reasonable commercial efforts to acquire such parcel at the appraised market value.

- (b) In the event that the Developer is unable to reasonably acquire the Private Phase 1B Lands privately, and if the Developer so requests of the Town, and provided that the Town and the Developer have entered into the agreement as set out in Section 13.2 (b), the Town agrees to proceed with the process of expropriating the Private Phase 1B Lands and convey the Private Phase 1B Lands to the Developer, all at the cost of the Developer, subject to appropriate security being delivered by the Developer to the Town in an amount satisfactory to the Town, acting reasonably, to satisfy all financial obligations the Town may incur as a result of such expropriation.

13.2 Acquisition of Town Phase 1B Lands.

- (a) Provided that the Developer acquires the Private Phase 1B Lands privately or the Town expropriates the Private Phase 1B Lands, the Town shall sell the portion of the Phase 1B Lands owned by the Town (the "Town Phase 1B Lands") to the Developer upon request by the Developer, in accordance with the terms of the agreement to be entered into between the Developer and the Town as set out in Subsection 13.2(b), provided that the Developer develops the Phase 1B Lands substantially in accordance with the conceptual plans annexed hereto as Schedule "D".
- (b) The Town and the Developer will enter into good faith negotiations with respect to the acquisition and development of the Town Phase 1B Lands which will be the same in form and content as this Agreement, *mutatis mutandis*, with the applicable sections of this Agreement being Sections 1, 2.1, 2.2, 3.1-3.2, 3.3(a), 3.5, 3.8, 3.10-3.12, 4, 5, 6, 7.1-7.6, 7.10- 7.12, 8, 9, 10, 11.1-11.7, 12, 14, 15, 16 and 17, or as the parties may further agree to. The agreement described in this subsection (b) shall be entered into within one year of the Execution Date failing which, unless otherwise mutually agreed by the parties, the obligations of the parties in this Agreement with respect to the Phase 1B Lands, except Subsection 7.7(a), shall be at an end. For greater clarity, the agreement for the acquisition and development of the Town Phase 1B Lands is to be conditional on the Developer acquiring the Private Phase 1B Lands.

SECTION 14
PHASE 2 LANDS AND PHASE 3 LANDS

14.1 Right of First Offer.

Before the Town may offer for sale any part of the Phase 2 Lands and/or the Phase 3 Lands, owned by the Town (the "Town Phase 2 and Phase 3 Lands") to any third party, the Town shall first offer for sale the Town Phase 2 and Phase 3 Lands to the Developer subject to the following terms and conditions:

- (a) The Developer will have ninety (90) days following the date that the Town presents the Developer with such offer to decide whether it wishes to enter into negotiations for the acquisition of the Town Phase 2 and Phase 3 Lands intended to be sold by the Town;
- (b) If the Developer wishes to enter into negotiations with the Town for the acquisition of the Town Phase 2 and Phase 3 Lands intended to be sold by the Town, the Developer shall deliver to the Town written notice thereof. Promptly after receipt of such notice, the Town and Developer shall commence good faith negotiations for a period not to exceed one hundred and twenty (120) days after the date that the Developer gives the requisite notice to the Town, and the Town will advise the Developer of the minimum price which the Town is prepared to accept for the Land in question;
- (c) If the Developer elects not to enter into negotiations for the acquisition of the Town Phase 2 and Phase 3 Lands intended to be sold by the Town or if the Developer and Town do not enter into a written agreement for the acquisition of such lands within one hundred and twenty (120) days after the Town's receipt of the notice in (b) above, then the herein right is at an end and the Town is free to enter into an agreement with a third party; and
- (d) In the event that the Developer delivers written notice to the Town that it elects to forgo all rights under this Agreement to pursue the acquisition of the Town Phase 2 and Phase 3 Lands the Town shall not be obligated to follow the procedure described in this Section 14.

14.2 Obligation of the Town.

The obligation of the Town set out in Subsection 14.1 shall not apply if the Town determines that the Developer has constructed any portion of the Proposed Development in a manner that is not substantially in accordance with the Development Plans and Site Plans.

14.3 Notification.

In the event that the Town makes the determination described in Section 14.2, the Town shall notify the Developer immediately and the Town shall advise the Developer in writing as to the basis for such determination.

**SECTION 15
SHARED SERVICES**

15.1 Shared Services.

It is understood and agreed that the construction of certain services by the Developer for the development of the Phase 1A Lands, including roads, sidewalks, pedestrian routes, streetscape treatment and services may benefit the other parts of the Lands (collectively, the "Shared Services"). It is further understood and agreed that the Shared Services are not included in the Town's DC By-law.

15.2 Reimbursement of Front End Costs

- (a) In the event that a party other than the Developer develops the Phase 1B Lands, Phase 2 Lands and/or Phase 3 Lands, or any portion thereof, the Town shall require as a condition of any application to the Town for development that such party reimburse the Developer for the front end costs that the Developer has incurred in servicing the Phase 1A Lands (and if applicable, the Phase 1B Lands), to the extent those Shared Services also benefitted the Phase 1B Lands, Phase 2 Lands and/or Phase 3 Lands, as applicable.

21. Subsection 11.6 of the Agreement is amended by deleting the words "the date which is sixty (60) days prior to the Closing Date" and substituting therefore the words "December 31, 2015."

22. Subsection 11.7 (b) (i) is amended by deleting the words "the date which is six months before the expected Closing Date" and substituting therefore "September 1, 2015".

It is understood and agreed that, prior to commencement of negotiations and as a condition of the Town to negotiate an agreement for the acquisition of the Town Phase 1B, Phase 2 and Phase 3 Lands, the Developer shall submit to the Town, for its approval, a concept plan for the proposed development of the Phase 1B, Phase 2 and Phase 3 Lands. The agreement described in this subsection (e) shall be entered into within ninety (90) days of the receipt of the notice by the Town of the Developer's election to enter into such negotiations. In the event the Developer does not elect to enter into negotiations within the time set out in this

subsection (e) or the agreement has not been entered into by the date set out in this subsection (e) the obligations of the Town to enter into any negotiations and the Town's obligations to give the Developer any right of first offer set out in this subsection 14.1 shall be at an end. a. *Based on the assurances given to the Developer by the General Governance Committee members on July 11, 2016 with respect to permitting the Developer to submit an amended Site Plan and an amendment to the Site Plan Agreement for the addition of two storeys, changes to the west elevation (approximately 170 units) and additional underground parking to the Project Building, the Developer hereby waives condition 11.1 (d) as amended by the Amending and Assumption Agreement dated June 29, 2015.*

b. *The Development Agreement and Agreement of Purchase and Sale dated July 15, 2013 as amended is hereby further amended by the addition of Subsection 11.1 (f) as follows:*

"By October 31, 2016 the Town has granted approval of an amended Site Plan and an amendment to the Site Plan Agreement dated December 29, 2015 that permits the addition of two storeys, changes to the west elevation (approximately 170 units) and additional underground parking to the Project Building. The Developer agrees to submit to the Town a revised Site Plan showing the addition of the two storeys, changes to the west elevation and one additional level of underground parking to the Project Building on or before September 15, 2016. It is understood and agreed that nothing herein obligates the Town to grant such approval. In the event the Town has granted the approval as herein set out this condition shall be deemed to have been satisfied."

Dear Ms. Greenspoon:

Re: Town of Ajax re Central Park Ajax Receivership Sale

We are in receipt of your letter dated October 12, 2022.

By way of background, you will recall that the Town's right of repurchase of the Central Park Ajax Lands was found to be valid at Trial by Madame Justice Mullins and that decision was upheld by the Court of Appeal. Subsequently, the Town commenced legal proceedings for the purpose of requiring LeMine to deliver the Central Park Ajax Lands to the Town in exchange for the purchase price paid by LeMine, all in accordance with the existing development agreement. In defending that action, your client, among others, challenged the right of the Town to such a reconveyance.

Your client brought an Application to appoint a Receiver and, rather than engage in lengthy legal proceedings concerning the Town's right of repurchase, the Town and your client agreed on the terms of a Consent Receivership Order as between them. Interestingly, LeMine opposed the Receivership Order sought by your client and consented to by the Town. The position of LeMine was not accepted by Mr. Justice Cavanagh at the hearing of the Application, and the appeal delivered by LeMine to the decision of Mr. Justice Cavanagh was withdrawn shortly before its hearing date.

Accordingly, the Receiver is now moving forward with the sale of the Central Park Ajax Lands, recognizing that it must serve two principals, namely the Creditors and the Town.

As you are aware, the amount of money available for the Creditors for distribution in the event that the Town's right of repurchase proceeded to finality would have resulted in

only the purchase monies paid by LeMine being available for distribution to the Creditors. With the Receivership Order in place, the Town is consenting to a sale on the open market of the lands, on certain terms and conditions.

You reference the following terms and conditions and we offer our comments upon same:

1. "The requirement for commencement of construction within ninety (90) days and completion within thirty (30) months" - There were time parameters placed on the original development agreement. In fact, Mr. Liu attempted to extend the start date, without success. Accordingly, we do not share your opinion regarding this condition being outside of the original development agreement.
2. "The requirement that construction be in accordance with the original plans from 2015" - We fail to see how this term is outside the original development agreement, as that requirement maintains the status quo. In fact, we see this as a beneficial term, in that any prospective purchaser essentially has a "turn key" construction project, without having to engage in any pre-construction development processes.
3. "The restriction with respect of any right of appeal upon any denial of an application to deviate from the original plan" - The original development agreement prohibited any material change from the agreed upon original plan and, again, we fail to see how this is different than the original development agreement.

You then expanded upon several of your points and we wish to respond to same.

You are suggesting that a 90-day construction commencement period is "entirely unrealistic". You make no suggestion as to what a realistic timeline would be. Put simply, we are of the opinion that the two outstanding issues that would need to be addressed by the new purchaser would be pre-sales, for financing purposes, if so needed, and construction scheduling, for the purpose of ensuring that the building can be constructed by the trades within the proposed time parameters. The Town would be amendable to discussions regarding an extension to the 90-day period, if you believe this to be an issue.

With respect to the Town's "insistence upon archaic plans that were conceived over 7 years ago", we would comment that these "archaic plans" are what make this project a more saleable commodity. Put simply, these "archaic plans" have been through the complete development process and are at the point where a building permit can be issued. To entertain changes for a new development will result in development processes starting again, thus delaying the construction of the project even more. The Town wants this project completed and is not keenly interested in starting the process again from the beginning.

You express some concern about the letter of credit provision and conclude with the question "since when was the Town entitled to have the repurchase entirely funded?". Put simply, the original development agreement entitled the Town to have the repurchase entirely funded by having the purchase price simply being returned to LeMine, with a reconveyance of the land to the Town at that time.

The delay in the completion of the present Development Agreement was due, in large part, to the right of repurchase issue. The Town needed an element of control by way of repurchase right. The creditors were not prepared to permit the Town to use money that they suggest would otherwise be due to them as creditors to be used by the Town for a repurchase. In the face of this standoff, the concept contained in the present Development Agreement was created, that being let the prospective purchaser set its own repurchase price and post a letter of credit for that sum for use by the Town, should a repurchase become necessary. A purchaser that was confident in its ability to build would likely post little or no money in the letter of credit as there would be little to no risk in the Town repurchasing the lands. A builder with little to no confidence in its ability to build would want to be compensated for its full purchase price and therefore would deliver a letter of credit in a much higher amount for use by the Town in the event of a repurchase. Quite frankly, this risk/reward aspect of the repurchase right permits the creditors to receive their payments, whatever they should be, without any holdback for potential repurchase use, and should be welcomed by the creditors.

We conclude our letter by reminding you that this receivership sale is not solely for the benefit of the creditors. This is a unique situation where the rights of both the creditors and the Town need to be balanced and, with all due respect, we are of the opinion that the balancing act has been effectively achieved by the present Development Agreement that your client has reviewed. We are very much surprised by your client's anticipated position in opposition to this sale and would suggest that you review the comments set

out above. After such review, we expect that you will agree that the appropriate balancing act for the rights of both the Town and the creditors has been achieved.

If, however, having reviewed these comments, you have any constructive suggestions, we would be pleased to review and consider same on behalf of the Town.

Yours very truly,

Good Afternoon, All

I have received the following information from Geoff Romanowski.

Let me start by indicating that all of the drawings listed on the Site Plan Agreement that was signed (and provided with the earlier e-mail) are presently in the office of Geoff Romanowski and these are the approved site plan drawings.

Let me continue by indicating that Mr. Liu did not pursue a Building Permit for 10 storeys as he chose to pursue (unsuccessfully) his 12/3 development. Geoff indicated to me that the premise upon which the assertion was made that a Building Permit could be issued almost immediately was that these documents existed. Geoff has just confirmed that no building permits were submitted for the Phase 1A Lands nor were demolition permits issued for the Utility Lands. Those facts were previously known. And it has been expected that these drawings would need to be up-dated now in 2023 (site plan drawings and subsequent building permit drawings). The Town never contemplated that these drawings could not support a building permit; in fact, the Town was informed by the developer (Lemine) at the time that the building permit drawings were being worked on in the background while the 12/3 development proposal was being pursued. This is also the reasoning for going with the existing approvals and working with the consultancy cast to produce these final site plan drawings and permits submissions.

All (and I've included John)

This is where the list of plans came from.

I can't imagine they would be referenced in this Agreement in 2015 unless they were on file with the Town so the Town should still have copies.

Whether they are final construction drawings or only preliminary, that's another story.

John,

For two and a half years the Town repeatedly characterized the lands subject to the receivership as “shovel ready” and made it clear that a purchaser could promptly make an application for a building permit based on existing drawings (collectively, the “**Representations**”).

The Town’s approach to negotiations regarding the development agreement was consistent with the Representations. An early draft development agreement circulated by the Town would have required a developer to commence construction based on existing designs within 90 days – a feat that would only be possible if the necessary construction drawings had already been submitted to the Town. Further the development agreement that was included in the record before the Court on the June 1, 2023, sale procedure hearing provided that the purchaser could make an application for a building permit within 60 days. Again, such a feat would have only been possible if the necessary drawings already existed.

The Receiver was shocked to receive your email where you advise that drawings necessary for a building or demolition permit were never submitted to the Town. That is entirely inconsistent with the receivership properties being development ready.

We understand that you have spoken with Avrom Brown regarding the source of the Town’s belief in making the Representations, however, the fact remains that a cornerstone assumption of the Receiver’s negotiations with the Town regarding the development agreement was that the Town’s Representations were true.

Had the lands been marketed with the true timeline for the development of the project, the result of the sale procedure may well have been different. The Town’s delays (as described in the Second Report) and Representations to the Receiver have enriched the Town at the expense of other creditors.

Irrespective of the ultimate transaction for the sale of the lands subject to the receivership, the Receiver reserves all of its rights and remedies in respect of the Representations.

Regards,
Alex

Mr. Alex Soutter
Thornton Grout Finnigan LLP

Dear Mr. Soutter:

Re: Town of Ajax re Receivership Sale of Central Park Ajax Lands

We wish to address your email dated November 3rd, 2023 and the allegations contained therein.

Receivership Order

The Receivership Order of the Honourable Mr. Justice Cavanagh dated April 15th, 2021 provides that “RSM Canada Limited is hereby appointed Receiver, without security, of the Harwood Properties and for **all of the assets, undertakings and properties of the debtors** acquired for, or used in relation to the Harwood Properties . . .” (emphasis added).

It is apparent from that provision of the Receivership Order that the Receiver acquired all right, title and interest that Lemine (and the other debtors) had in relation to the various plans and drawings set out and specified in the executed Site Plan Agreement made between the Town and Lemine. The Receiver was in the best position to review all relevant material when exercising its due diligence, as it was required to do prior to undertaking the bidding process. In addition, as a Receiver in possession of all plans and drawings prepared for Lemine, the Receiver had the ability to review the existence and status of all plans and drawings related to the subject site. The Receiver had the ability to determine whether bidders would be able to utilize the plans and drawings, given the likelihood that the various parties who had prepared same had not been paid in full by Lemine (and the other debtors).

In addition to the Receiver’s unique position in possessing all plans and drawings of Lemine, we also note, as set out below, that no representations were ever made by the Town to anyone that building permit or demolition permit drawings had ever been submitted to the Town. This appears to have been an assumption made by the Receiver, notwithstanding the fact that the Receiver is in possession of all plans and drawings prepared by or on behalf of Lemine.

Proposed Development Agreement

The Proposed Development Agreement was negotiated among and agreed to by the Receiver, the Creditors and the Town for the purpose of having same provided to prospective bidders for consideration and ultimately agreement.

In Paragraph 29 of the proposed Development Agreement, there are two representations made by the Town. They are:

- (a) “As of the date of this Agreement, the Durham Regional In-Force Official Plan, the Town’s In-Force Official Plan and the In-Force Zoning By-law applicable to the Development Lands permits the mixed-use development to be constructed upon the Development Lands”;
- (b) “The Town will not initiate or grant any amendment to the In-Force Official Plan or any amendment to the In-Force Zoning By-law applicable to the Development Lands or pass an interim control By-law which would have the effect of prohibiting or delaying the construction of the mixed-use development.”

No representations or warranties were made in the proposed Development Agreement, or at any time, that:

- (a) A Building Permit had been issued;
- (b) Drawings for a Building Permit Application had been prepared and/or submitted to the Town.

The Site Plan process is completely different than the Building Permit process. The plans and drawings created for the purpose of finalizing a Site Plan application are, quite obviously, different than those used for the purpose of finalizing a Building Permit application.

The proposed Development Agreement contains the term “Commence Construction” as the trigger for releasing both the Town’s repurchase right and the creditors’ money. The term “Commence Construction” is a defined term and means:

“the day upon which (i) the Developer first starts *excavation* for the construction of the foundation and underground parking for the mixed-use development, (ii) the Developer first starts *demolition* of the buildings located on the utility lands, and (iii) the Receiver has confirmed, in its sole discretion, that excavation and demolition has begun by giving written notice to the Developer and the [Town].” (emphasis added).

To give effect to the term “Commence Construction”, paragraph 3 provides that “(t)he Developer shall apply for a permit to allow construction to commence within 60 days after the date on which the Developer’s purchase of the Schedule A lands from the Receiver closes, and commence construction of the mixed-use development within the greater of 150 days after such permit has been obtained, or such other period mutually agreed to by the Developer, the Receiver and Ajax (the “Construction Commencement Date”).”

The term “shovel ready”, which you raise in your e-mail, is not a defined term in the proposed Development Agreement. That being said, there are no planning hurdles in the way of any developer applying for the necessary permits to “commence construction” (as that term is defined

in the proposed Development Agreement). To that end, the project is “shovel ready” for the purpose of overcoming the repurchase trigger event contained in the proposed Development Agreement.

Estimated Cost of Updated Drawings

The bid of [REDACTED] collapsed when it sought a reduction of \$3 Million in the proposed purchase price. That reduction was sought for the alleged purpose of offsetting “the anticipated costs to be incurred by [REDACTED] in connection with the existing Plans not yet paid for and to have the remaining plans and related drawings prepared and finalized in fulfillment of all building permit requirements is estimated at roughly \$3 Million.”

Had [REDACTED] conducted even a cursory search of the materials provided by the Receiver for review, or had it made such an inquiry of the Town, the proposed purchaser would have determined that no building permit drawings whatsoever were ever provided or filed with the Town. Put simply, the Town produced to the Receiver the materials that the Town had in its possession, none of which included any building permits or even building permit drawings.

Issuance of Permits

As indicated in the proposed Development Agreement, the trigger event for the commencement of construction relates only to excavation work and demolition work. Both excavation work and demolition work require separate permits, and the issuance of the various other permits for the construction of this project is not required within the 150-day parameter established in the proposed Development Agreement. In fact, there is no requirement in the proposed Development Agreement as to the issuance date of any other permits, the underlying assumption being that the excavation permit and the demolition permit would be issued prior to the 150-day period. At the back end of the project, the Developer is required to complete construction within 30 months of commencing construction. The term “complete construction” is defined to mean “the conclusion of both the construction and clean-up process on the Development Lands, and ready for occupancy closing of the units.” The expectation therefore is that permits will be issued and construction will be conducted during a 30-month period, with the finalization of such construction, at or before the end of that 30-month period.

Response to Email dated November 3rd, 2023

You have put the Town on notice that “the Receiver reserves all of its rights and remedies in respect of the Representations”, a term that you define in your email dated November 3rd, 2023 as being a characterization made by the Town of the lands that are subject to the receivership as being “shovel ready” and that a purchaser could promptly make an application for a building permit based on existing drawings.

As outlined in this letter, such Representations as alleged in your email dated November 3rd, 2023 were not made by the Town and could not have been made by Town, given the existing state of affairs in this matter.

The Receiver would also be aware that such Representations could not have been made by the Town as the Receiver would know, after examining the plans and drawings in its possession, that no building permit or demolition plans existed nor is there any record of any such plans or drawings ever having been filed with the Town.

As well, the characterization that the Town is engaged in delay solely for its own economic purpose is categorically untrue. The Town's overriding concern in this matter is that its "vision" of development on the subject property comes to fruition. The Town has been consistent throughout the entire venture; the Town wishes to see a building constructed on this site that is in keeping with the Town's vision for the property. You will recall that the Town originally owned this property and had inserted what it considered to be appropriate safeguards in the original Development Agreement and Agreement of Purchase and Sale to ensure that a building is actually constructed on the lands. The Town has again attempted to insert similar safeguards in the proposed Development Agreement, and nothing more.

The Town has always had one objective for this site - the development of an appropriate building. That objective has always been secured through the Town's right of repurchase. The Creditors have had a different objective - the return of their money. The Receivership process was implemented to address, as much as possible, the objectives of both the Town and the Creditors. If the Creditors were under the mistaken assumption that building permit drawings and demolition drawings had been prepared, that is something that they could have asked the Receiver and the Receiver, in turn, could have answered those questions by examining the plans and drawings in its possession. Alternatively, the Creditors could have asked the Town if it had ever received building permit drawings and demolition permit drawings from Lemine. It appears that the Creditors never asked such a question of the Receiver or of the Town.

Any attempt to suggest that the Town has responsibility for the present situation will be defended vigorously by the Town.

Yours very truly,
