I see that now – Hainey must have missed it even though he asked for the number and we clearly gave it to him for purpose of including in his endorsement.

I am not too fussed by it. The Distribution Order contemplates at para. 6 that the Receiver has the discretion to take whatever holdbacks that it determines, in its sole discretion, are appropriate. We have confirmed this hold back by email with His Honour, Vector and all the parties who participated this morning. I don't think it is worth bugging Hainey to go back and add it to his endorsement.

Unless I missed it, the Endorsement did not reference the amount to be held back?
